AGNEW, RALPH PALMER. The behavior of mean-square oscillation and convergence under regular transformations, ... 204
ARWIN, A. Two-dimensional chains, ... 91
BAKER, R. P. Cayley diagrams on the anchor ring, ... 645
BELL, E. T. Note on functions of r-th divisors, ... 56
BLISS, G. A. and SCHOENBERG, I. J. On separation, comparison and oscillation theorems for self-adjoint systems of linear second order differential equations, ... 781
BLUMENTHAL, LEONARD M. Note on fractional operators and the theory of composition, ... 483
BRAHANA, H. R. On the groups generated by two operators of orders two and three whose product is of order eight, ... 891
BRAY, HUBERT E. On the zeros of a polynomial and of its derivative, 864
CARMICHAEL, R. D. Tactical configurations of rank two, . . 217
CARMICHAEL, R. D. Algebras of certain doubly transitive groups, . 631
CHOU, P. Y. The gravitational field of a body with rotational symmetry in Einstein's theory of gravitation, ... 289
COOPER, ELIZABETH MORGAN. Perspective elliptic curves, . . 555
COPELAND, A. H. Admissible numbers in the theory of geometrical probability, ... 153
DAVIS, H. A. Non-involutorial birational transformations belonging to a special linear line complex, ... 72
DORROH, J. L. Some metric properties of descriptive planes, . . 401
DURFEE, WALTER H. Summation factors which are powers of a complex variable, ... 817
EMCH, ARNOLD. On a new normal form of the general cubic surface, 902
EVANS, G. C. and MILES, E. R. C. Potentials of general masses in single and double layers. The relative boundary value problems, 493
FINAN, E. J. A determination of integrity of the complete rational matric algebra of order 4, ... 920
FINAN, E. J. A determination of the domains of integrity of the complete rational matric algebra of order 4, ... 920
FRALEIGH, P. A. Regular bilinear transformations of sequences, . 697
GERGEN, J. J. See Mandelbrojt and Gergen.
GERGEN, J. J. Note on the Green function of a star-shaped three dimensional region, ... 746
GERONIMUS, J. On some problems of Tchebycheff, ... 597
GRAVES, LAWRENCE M. On the problem of Lagrange, ... 547
HOLLCROFT, TEMPLE RICE. Pencils of hypersurfaces, ... 929
HUGHES, HOWARD K. On the analytical extension of functions defined by factorial series, ... 757
